THE BOSTON

Saturday Evening Gazette.

THE SOCIETY PAPER OF BOSTON.

THE BOSTON SATURDAY EVENING GAZETTE is peculiarly a Boston paper, and has been for nearly three-quarters of a century the leading family weekly journal of the city. Its circulation is largely among the most intelligent and influential class of readers.

In the discussion of topics relating to

**LITERATURE, POLITICS, ART, MUSIC AND THE DRAMA, SOCIETY,
AND THE GENERAL AFFAIRS OF THE DAY,**

It employs the best writers, and among these are gentlemen and ladies who are recognized as the first authorities in the specialties of which they treat.

The GAZETTE is a special favorite with the ladies. Its "Out and About" columns contain a larger amount of matter of interest to this class than can be found in any weekly journal in the country, and have given it a reputation in Society Circles everywhere. As a hotel paper it stands second to none in extent and thoroughness of information. It is taken in clubs throughout the United States. In fact, as a SOCIETY, HOTEL and CLUB PAPER it is without a rival.

The GAZETTE gives close attention to local news, and is the only Sunday paper in Boston, except the "Herald," that has the advantage of the Associated Press telegraphic despatches.

As an advertising medium, the advantages of the GAZETTE are obvious, and are widely appreciated. No journal has a more select and desirable advertising patronage; and by the Book Trade, the Hotels of the Country, the Dry-Goods Trade, and in specialties in which the patronage of ladies is solicited, it is most of all sought.

"One of the brightest and most enterprising papers in New England."—*Harper's Weekly*.

"THE BOSTON SATURDAY EVENING GAZETTE continues to be conducted with diligent enterprise, and to maintain its claims to the regard of its numerous friends by the diversity and ability manifested in its well-filled columns from week to week."—*Boston Transcript*.

"THE BOSTON SATURDAY EVENING GAZETTE, which has seen the rise and fall of at least a score of newspapers in Boston, keeps on the even tenor of its way without a skip or a break. Its appearance is not suggestive of age, but of perpetual youth, and it holds its peculiar field without a rival."—*Boston Herald*.

HELIOTYPE ENGRAVINGS.

These Beautiful pictures are exact fac-simile reproductions by the Helio-type Process of rare and costly engravings and etchings, from paintings by the old masters, and of the finest specimens to be found of modern French and English publications, including among others choice works of

Alma-Tadema.	Guido.	Murillo.
Michael Angelo.	Holman Hunt.	Parmegiano.
Rosa Bonheur.	Makart.	Raphael.
Bouguereau.	Meissonier.	Sir Joshua Reynolds.
Cabanel.	Sir Edwin Landseer.	Ary Scheffer.
Correggio.	Meyer von Bremen.	Schreyer.
Durer.	Millais.	Leonardo da Vinci.

The Helio-type is a photo-mechanical print, in which the precision and absolute fidelity of photography is combined with the permanent qualities of ordinary printing.

Nearly 400 Choice and Selected Engravings,

Costing from ten to fifty dollars each, have been copied by this process with unerring exactness. They are printed on heavy bevelled plate-paper, each one being 19 x 24 inches in size,

Equally adapted for Framing or Portfolio.

The works of the best engravers, and the most celebrated and fascinating pictures of the great ancient and modern painters, have thus been duplicated; and these exquisitely delicate masterpieces are sold for

FIFTY CENTS EACH.

CAUTIONARY STORM SIGNAL.

A square red flag with a square black centre by day, or a red light by night, is cautionary against approaching storm and against winds from any direction.

A white flag with a square black centre, above a red flag with a square black centre, by day, or a white light above a red light by night, is cautionary against rough weather and against winds expected to be in a Northerly or Westerly direction, or off shore.

No signal is displayed for rain or snow, but for winds dangerous to mariners.

The U. S. Signal Office in Boston is located in the Equitable Building, corner Milk and Devonshire Sts., and is open to visitors from 9 A.M. until 4 P.M.

JOHN E. FITZGERALD,	} <i>Fire Commissioners.</i>
HENRY W. LONGLEY,	
EDWARD A. WHITE,	

BROWN S. FLANDERS, *Supt.*
JULY, 1882.

BOSTON FIRE-ALARM TELEGRAPH: SPECIAL NOTICE.

The fact that an alarm-box is located near their residence, and where the key is kept, should be known to all persons, both male and female; and the simple manner of giving an alarm in case of fire should be a matter of common education. The Board of Fire Commissioners recommend to all persons who may see this notice, that they make the necessary inquiries, to enable them, in case of need, either to get the key, and give an alarm, or to direct others to do so. *Time saved in this way may sometimes prevent a conflagration.*

In case of fire follow these

DIRECTIONS.

Get the key to the nearest box to the fire.

Open the box; pull the hook all the way down ONCE, and let go.

Wait *one full minute* for the sound of the bells.

If you hear no sound, *pull again*; and the *third* time if you get no sound.

If you fail the third time, go to the next nearest box, and do the same there; but do not touch any other box if the nearest one gives the alarm.

After giving the alarm, remain a while if *possible* by the box, so as to direct the firemen to the fire.

SECOND ALARMS. — No person will give alarms for the same fire (after the first alarm has been given), without an order from an Engineer; and the person so ordered will be *sure* to go to the *same box* from which the first alarm was given, and report the same to the Chief Engineer. *If, however*, a fire breaks out while another is burning in a different section of the city, a *second* alarm can be given by a Police Officer without waiting for an order from an Engineer.

CAUTIONS TO PERSONS HOLDING SIGNAL KEYS.

1. Never open the box or touch the apparatus except in case of fire.
2. Never sound the alarm for a fire seen at a distance.
3. Be reasonably sure there is a fire before sounding the alarm.
4. Be sure your box is locked before leaving it.
5. Never let the key go out of your possession, except to some responsible person to give an alarm of fire; and be sure the key is returned.
6. *If you remove from your house, or place of business, return the key to the Fire-Commissioners' Office without delay.*

THE "HUB" WRAPS AND DRAWERS,

(Pat. August 8, 1871.)

Have Many Superior Advantages Over all Others.

Letter F, in cut, shows the PATENTED SUSPENSORY GORE, which prevents chafing, and removes all disagree-

able points, such as seams, extra cloth, and tightening over the knee; it removes the unpleasant feeling experienced in all others, both foreign and domestic, and are indispensable for large men that appreciate comfort. Also, the wrap opening in front gives it a superiority of adjustment; as it fits loosely, it remains in position and is not so oppressive in warm weather as the light weights of merino fabric (and, for WINTER wear, has a CHEST PROTECTOR attached which prevents colds, neuralgia, catarrh, pneumonia, &c.)
